

INFORMATION RELATING TO THE AVATAR COMPANION

Following Phillips' receipt of the buyer's payment for the Lot in full and cleared funds, Phillips will provide the buyer with the seller's contact details, so that the buyer may contact the seller directly in writing to request the Avatar Companion. The buyer must make this request within 12 months of the Closing Date of the auction.

Please note the following terms applicable to redemption of the Avatar Companion:

- The Avatar Companion is separate from, and **does not** form part of, the NFT Lot and is not being offered for sale by Phillips.
- The Avatar Companion is not covered by Phillips' Authorship Warranty and Phillips will not be in possession of, or responsible for the Avatar Companion in any way, including for any technical issues with, or loss or damage to, the Avatar Companion.
- The Avatar Companion shall not include a VR headset or any other physical hardware and the buyer will therefore need to acquire a VR headset compatible with the Sominium space at its own expense.
- Phillips makes no representations or warranties about the Avatar Companion, its nature, condition, description, uniqueness, durability, functionality or availability, either now or in the future.
- Arrangements for the transfer, availability and functionality of the Avatar Companion will be made directly between the seller and the buyer and Phillips will not be involved or responsible in any way.
- If the Buyer fails to request the Avatar Companion within 12 months of the Closing Date of the auction, the Buyer will forfeit its right to acquire the Avatar Companion.
